Call or text Linda Vukelich (651-278-4241) for more information about MSCAP!

Ellie Mental Health

Transforming the culture of mental health

Our mission is to compassionately transform the culture of mental health care by providing creative solutions that make wellness accessible in every community. And while we know that caring for your mental health and being vulnerable with someone you just met can seem scary, we do everything that we can to make each Ellie appointment as comfortable and as fun as possible. We aim to walk along this journey with you and provide you with a comfortable place to talk, decompress, do the work, and heal.
